New Skilled Nursing Center, Las Alturas Nursing & Transitional Care, is Opening Spring 2019

[Laredo, Texas and San Antonio, Texas] – Touchstone Communities®, a growing provider of rehabilitation and skilled nursing care in Texas, is happy to announce Las Alturas Nursing & Transitional Care will officially open to residents and patients in March 2019. The advanced skilled nursing and rehabilitation community will offer unique programs in the heart of Laredo.

Specialty programs such as personalized cardiac care, respiratory care, and complex care at Las Alturas Nursing & Transitional Care will help improve the health of people in need in Laredo. Everyone deserves customized, personal care for their specific needs, and Las Alturas is ready to offer that through their advanced services.

Leading the management operations at Las Alturas Nursing & Transitional Care will be Ubaldo Santana, Licensed Nursing Facility Administrator (LNFA). “I’m honored to bring my experience from Laredo Nursing & Rehabilitation Center to this new community,” Santana stated. “I am proud to be part of the Touchstone Communities family, and look forward to continuing to serve the Laredo community,” he added.

Las Alturas will not only help those in need of its services, but also those who are seeking career opportunities. Over 150 job positions are being offered to the Laredo area.

“Touchstone Communities loves the Laredo community,” commented Cindy Gilcrease, Regional Director of Operations. “We have enjoyed operating in this market for several years and have found the community to be warm and friendly, with a great workforce committed to serving the elderly. With the great success of Laredo Nursing and Rehab, we knew we wanted to continue to grow in the Laredo market.”

Las Alturas Nursing & Transitional Care is a 138-bed community with 18 private rooms, all with private baths. The community is considered a home away from home, and puts resident comfort first. Outdoor activity areas with gardens and walking tracks, private family areas, a beauty salon, Wi-Fi Internet throughout the community, and a modern therapy department with advanced technical gyms and equipment contribute to the building’s many features. The community officially opens in March 2019, and will host its grand opening in April. For more information or to reserve a spot in the community, call 956-612-8796 or visit lasalturasnursing.com.
